Data Sources
 Wetland and Farmland soil classifications are from the State of Connecticut's Department of Energy and Environmental Protection (DEEP).
 Soil geography is from the US Department of Agriculture (USDA) Soil Survey Geography (SSURGO) dataset.
 Visible Wetlands are topological features visible from the 2010 Aerial Photography.

Trumbull GIS
 Trumbull GIS is the Town of Trumbull, CT's Geographic Information System administered by the Engineering and Tax Assessor departments. Through Trumbull GIS, the town has created a comprehensive, townwide database of geospatial information to serve the citizens of Trumbull.

Aerial Photography was flown in April 2010, planimetric and elevation features were extracted during the remainder of 2010, and Tax Parcels were extracted from existing maps in early 2011.
